

The Hummm-it

(HUMMING MASK)®

Improved Bio Nitric Oxide
by Natural Humming

The presence of Nitric oxide (NO) is required for oxygen exchange to our cells which is significant for the correct functioning of most organs. (source: Dr. J. Stamler USA, see link). The Hummm-it® is a facial massager Mask, which is functioning by programmed resonance, promoting the release of Bio-Nitric oxide originated from our sinuses.

Loss of Endothelial Nitric oxide (NO)

In all people over 50/55 years of age, and some younger too, natural production of NO decreases and therefore it reduces our resistance, resulting in age related ailments, like Hypertension, loss of good quality sleep, memory, arthritis, and more...

Nitric oxide and alternative remedy's

In general many treatments are related to the release and activating the Bio-Nitric oxide. (Source: MA Sheng-xing, see link). This research describes the efficiency of Nitric oxide and the function in better oxygenation.

The functioning of the Hummm-it®

The Hummm-it is based on medical reports from the Karolinska Institute in Sweden. It shows that a decrease of NO in later life can be compensated by the use of the permanent presence of Nitric oxide from the sinuses. Through resonance, the Nitric oxide is delivered to the body so that the shortage will be compensated. (source: Weitzberg/Lundberg, see link).

Nitric Oxide proven effect.

In recent decades there have been literal thousands of surveys published which confirms the function and the necessity of NO in our system. The mask itself was tested at the University Hospital in Kiel in Germany on the operation to improve sleep, as a condition for recovering of the body and mind well during sleep. The effects were significantly positive about 95% over all cooperating volunteers. (See link).

Nitric oxide, sleep and the Hummm-it®

Many studies have been published regarding the effect of NO. The conclusion of one of this study's is that the Hummm-it improve sleep observed in the test/study in Germany. (see link). Other studies confirm increased health in like: •lower hypertension •Improves memory •Erectile dysfunction •Improves blood flow •lessen depressions •faster wound healing, and more. Improved NO result in a overall longer wellbeing.

DE HUMMMIT

Nitric Oxide activation system.
Resonance based programmed function.
Personal time controlled use.

Model HM-G3

Accessories:

Hygienic silicones face pads.	HMG3-201
Hygienic silicones face pads	HMG3-202
Spare replace Single mask.(Spare & second user)	HMG3-203
Comfort headband ear free model.	HMG3-204
Wall Power supply volt changer.	HMG3-205
Travel Case	HMG3-206

Technical specifications:

Model: Hummmit HM-G3 (home use)

Operation conditions:

Ambient Temperature +/- 15 - 35°C.

Operating temperature: 10°C - 40°C (50°F - 104°F);

Humidity 20 to 75% RH.

Storage temperature: -10°C - 70°C (14°F - 158°F);

Memory cap. Electro I Chip18 cat.

Power source:

Power supply AC Adaptor

Input 100-220 volt <>

Output 4.5 – 5.5 volt <>

Frequency range:

Up/High approximately <100 to 110> Hertz, or 6500 RPM.

Low/down approximately <90 to 100> Hertz, or 5900 RPM.

Bio-NO intensity output: Plus 8 to 14 times build up compared by silent breathe. (Up to 40 ppm.)

Dimensions:

Outer dimensions: 8 x 8 x 7 inch. 21 x 21 x 18 cm.

Product dimensions: 18cm (L) x 15cm (W) x 12cm (H).

Product dimensions: 8 inch. (L) x 8 inch. (W) x 7 inch. (H)

Weight: 4 pond – 1.8 kilograms;

Energy saving:

Wall power supply is switched off when the base is switched off. This means that the power supply connected to the wall outlet does not consume any energy when not in use.
